WHERE WE SAIL

Indonesia is home to some of the world's most biodiverse marine ecosystems, a warm tropical climate, crystal-clear waters, idyllic islands and traditional cultures - the ideal setting for outdoor exploration and relaxation.

AUTHENTIC EXPERIENCES

Specialising in sailing expeditions, SeaTrek know these regions intimately. Your crew are all locals, allowing you to see Indonesia through Indonesian eyes. Activities are both water-based and on land, with the chance to engage with local communities.

There are double bed cabins, twin bunk cabins and 2 x triples (an extra single bunk above a double bed for a family of three).
