TAILOR-MADE TRAVEL

We design 4- and 5-star travel, tailored to your clients’ needs, using our own personal recommendations based on years of experience – very bespoke. Let us know your client’s wishlist and we will design an itinerary to suit. We can include a range of luxury rail journeys, small ship cruising, culinary, active and wildlife journeys.

LUXURY RAIL JOURNEYS

There is much to love about travelling by train – think private cabins with ensuite facilities, dining cars with full-service meals, personal butler. Our range of luxury rail journeys are in Africa, Europe (including Central Europe and Spain), Asia and Central Asia, India, South America and Canada.

SMALL SHIP CRUISING

See some of the world's most interesting destinations from another vantage point while enjoying the intimacy of a small, luxury, boutique ship. Ask us about Croatia, the Greek Islands, luxury barging in Europe, the Mekong Delta, the fjords of Alaska, the Galapagos Islands, the Amazon region and Patagonia.
